DETAILED ACTION

1. Regarding the status of the claims in the instant application, the Examiner has a 112 second paragraph rejection. The Examiner is obliged to apply the newly found rejection. Thus, the finality of the prior Office action has been withdrawn and a new rejection follows. The Examiner regrets the delayed process of the application.
2. Claims 24-43, 62-64, 78-80 and 95-112 are pending.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 24-43, 62-64, 78-80 and 95-112 are rejected under 35 U.S.C. 112 second paragraph to because of the following informalities. Claims 24-43, 62-64, 78-80 and 95-112 recite " wherein content is downloaded from a source over the computer network to the web browser". It is not clear on how a content or file can be downloaded to a web browser. Downloading a file is the process of transferring a copy of a file from a remote computer to the requesting computer or CD (not to a web browser) by means of a modem or network. The browser itself is not a storage means. Appropriate correction is required.
